ALL COURSES: After entering the River Medway on your return, note your time when you pass the North Kent buoy before continuing to the Club line, you may pass N Kent to the north or south. If you pass to the north take your time when the buoy is on a bearing of 125°, if you pass to the south then the bearing is 305°. This is to allow for course shortening. See Sailing Instruction 17.

Note to RO: Please set the longest course possible, while allowing sufficient time for the slowest boat to finish.
